Experience

Junior Front End Web Developer

Dallol Tech • Addis Ababa, Addis Ababa
05/2023 - 09/2023

Developed and maintained the responsive front end of a course subscription platform and using React.js and Tailwind CSS. Collaborated closely with the design team to transform wire frames into visually appealing UI components. Implemented a reusable component library to enhance scalability and optimized website performance for improved loading times and user satisfaction. Ensured cross-browser compatibility and responsiveness. Seamlessly integrated front-end components with back-end services, ensuring smooth data flow. Conducted unit testing and quality assurance to maintain a bug-free user experience.

Intern

Dallol Tech • Addis Ababa, Addis Ababa
02/2023 - 05/2023

Led front-end development for a bus ticket booking website, leveraging React.js and Tailwind CSS. Collaborated with UX/UI designers to create an attractive and user-friendly interface. Introduced efficient styling practices for maintainable code. Integrated user interfaces with server-side logic and APIs. Optimized performance and conducted rigorous testing for quality assurance. Contributed to code reviews and documentation to ensure codebase integrity and maintainability.
